keurig premium coffee systems

The Perks of the Business...

If you have ever wondered what it would be like to have a trendy, high-end coffee and tea bar in your own home, **Keurig Premium Coffee Systems** is the company that's going to provide you with the answers, as well as the goods you'll need to turn your kitchen, patio or living room into a real hotspot. Better still, no worries about long lines, empty cream dispensers, stale muffins, set-up, clean-up or the barking dog at the next table!

Your office's drippy coffee maker this ain't! Keurig's range of coffee makers for both home and office bring together high tech, sleek design and great taste. At **On3's VIP Lounge** for the **2006 Critic's Choice Awards**, host **Dennis Miller** and fellow celebrities **Brendan Fraser**, **David Strathairn** and **Eric Benet** fell in love with the **Special Edition B60** (\$199), a perfect model for home use with a 48oz. water reservoir, three brew sizes (5.25oz, 7.25oz. and 9.25oz.) and a Backlit Programmable LCD. Better still, the patented **K-Cups®** portion system not only enables you to make a perfect cup each and every time, but really does bring the coffee bar experience home, with brands as **Timothy's**, **Diedrich's**, **Gloria Jean**, **Green Mountain**, **Van Houtte**, **Bigelow** and **Celestial Seasonings**.

The company name "Keurig" is derived from the Dutch word for excellence, and true to its name, it has emerged as the leading single-cup brewing system in the workplace in North America. Keurig Premium Coffee Systems are available in Los Angeles at **Bed, Bath & Beyond**, **Robinson's-May**, **Williams-Sonoma**, **Macy's** and **Bloomingdale's**. To read more about Keurig coffee systems and accessories, please go to www.keurig.com.

This week, **5 lucky readers** will perk up their lives with a brand new **B60 Coffee Maker**, just like the one featured at On3's Critics Choice VIP lounge!

Winners will be randomly selected and promptly notified January 30, 2006. US only.
